*An incredibly great book with perfect and lucid answers. Better then never, though i am quite late in start reading this one. You will not sense monotony at whenever you want of the time (that's what catalogues are for relating to if you question me).*

Paperback. Book Condition: New. Paperback. 24 pages. While hosting a weekly chat for LSP Digitals stable of authors and various other writers, I handed out weekly assignments. The reality is that nearly all of these hopeful authors and screenplay writers will never see their work produced despite how prolific they are. Why? The answer is simple. As they have been doing the needed research and developing their unique storyline and memorable characters, and working for countless hours on re-writes and edits, the rules in promoting and selling the work have changed. The words "unsolicited material" will become permanently etched in a writer's mind as their frustration mounts, wondering...
