paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 312 Publisher: Chinese Medical Technology Publishing Club Pub. Date :2009-08. This book is the national medical vocational education program teaching one class of pharmacy. Divided into inorganic chemistry. organic chemistry. chemical experiment of three parts. Inorganic Chemistry part three chapters to the basic knowledge of material structure and the periodic table to use as a premise. focusing on learning the nature of drugs and application of common ions. a certain concentration of the solution and the pH and osmotic pressure. a dedicated test of inorganic content. Organic part of a total of five chapters. the basic structure of organic compounds that. based on the structure and nature of functional groups the main line. highlighting the nature of organic matter and its identification in the identification. isolation and purification applications. Chemistry experiment chemistry experiments in part by the basic operations. inorganic inspection techniques. solution-related skills training. separation and purification technology of organic matter. organic matter important to the determination of physical constants. organic inspection techniques six modules to the project in the form of basic laboratory skills training. and exercises for each module in the experiments carried out by the application of skills training. Book is practical. vocational education for medical specialty pharmacy students. Contents: Chapter Section physical structure of the basic knowledge of the periodic table one. two periodic law of elements. periodic table and molecular polarity of a chemical bond II. two chemical bonds. molecules with polar compounds a third quarter. with ion and the concept of two coordination compounds. the composition of three coordination compounds. the naming of coordination compounds IV redox basics First. to determine the two redox reactions. oxidizing and reducing an important...
