Brand New Book ***** Print on Demand *****.Really well written, dynamic and practical, See it from the Top presents a fascinating story of Yury s Everest Expedition in 2009 that is filled with drama, comedy and triumphs of the high altitude life. With his unique storytelling style, Yury Pritzker does a great job of getting you into participatory mode, engaging all your senses in his challenging quest up to the world s highest mountain. This book is something fairly rare in our modern tragedy/thriller oriented literature about Everest. It is a treat for the adventurous soul - You want the story to continue! Climbing to the top of the world is as much a psychological battle as much as it is a physical effort. I am sure all the readers will greatly enjoy this book and treasure it as a resource as they plan their own expeditions. Ang Tshering Sherpa, Immediate Past President, Nepal Mountaineering Association. Chairman, Asian Trekking A highly emotional book written by a strong man. It shows what it takes to make it to the top. The book reads in one sitting, it captures you, and through it you see a different world described with talent and passion. Dr. Mark Dykman, Professor of Physics, Michigan State University This book is not just another book about mountain climbing. From the first chapter till the very end, See it from the Top presents great story telling. It is a detailed, day-by-day account that is sometimes unnerving and sometimes very funny. This is also a book with many careful medical observations and technical improvements that could be useful in sport medicine. Fast-paced and easy to read, Yury s story is a great inspiration for anyone...
